Fees for Participation on the INCITS Technical Committees and some Study Groups:

The INCITS membership cycle begins each December 1st and ends each November 30th.

Membership Type		2024 Fee
Technical Committee (TC)	Per TC or SG. This fee includes participation in any TGs of its parent TC and access to the mirror international activities	$2,275
Task Group (TG)	There is no TG fee; members must join the TC or SG level	(see Note 1, Note 2, Note 3, Note 4, Note 5)
Study Group (SG)		

Note 1: The INCITS/Brain Computer Interfaces, INCITS/Internet of Things and the INCITS/SC 25-WG4 Technical Committees each have an additional fee of $325 to allow for access to the international activities. This fee is not optional and is applicable to all Alternate representatives unless the member has a premier membership with the ANSI/USNC.

Note 2: The fee for the INCITS/Data Management TC is $3,275. This TC fee is higher because the TC approved a higher fee to help fund the SC 32 Secretariat for FY 2025.

Note 3: There is no participation fee in 2024 for the INCITS/Brain Computer Interfaces TC (USNC fee still applies as in note 1).

Note 4: There is no participation fee for the INCITS/Inclusive Terminology TC.

Note 5: For companies with revenues less than $3 million, the prospective member may request a reduction in the service fee to $1,340 and for Educational Organizations a reduced fee of $495, per membership cycle.

There are no fees imposed on Emeritus or Liaison members on INCITS TCs, TGs, or SGs.

If you have specific questions regarding membership, please contact Jennifer Garner (jgarner@itic.org) or Lynn Barra (lbarra@itic.org).
