Debbie,

T10 has forwarded three project proposals to INCITS for further processing:

- Project proposal for ADI Physical Layer (ADP) (T10/02-010r0)
- Project proposal for ADI Transport Protocol (ADT) (T10/02-009r0)
- Project proposal for ADI Commands (ADC) (T10/02-008r0)

The T10 minutes from the March 14, 2002 meeting concerning these three project proposals are as follows:

"9.5 Project proposal for ADI Physical Layer (ADP) (02-010) [Suhler]

John Lohmeyer said that INCITS had stopped allowing the use of the 'old rules' and now requires that all project proposals be approved under the 'new rules'. This means that our forwarding motions at the January meeting were not accepted because the three ADI project proposals had not been included on the January meeting agenda at least two weeks prior to the meeting. While this delayed the approval of the project proposals, it should not delay the projects.

Bob Griswold moved that 02-010r0 be forwarded to INCITS for processing as a new project proposal for ADI Physical Layer, that 02-009r0 be forwarded to INCITS for processing as a new project proposal for ADI Transport Protocol, and that 02-008r0 be forwarded to INCITS for processing as a new project proposal for ADI Commands. Paul Entzel seconded the motion. The motion passed on a vote of 28:0:0:15=43.

John Lohmeyer took an action item to forward 02-010r0 to INCITS for processing as a new project proposal for ADI Physical Layer. John Lohmeyer took an action item to forward 02-009r0 to INCITS for processing as a new project proposal for ADI Transport Protocol. John Lohmeyer took an action item to forward 02-008r0 to INCITS for processing as a new project proposal for ADI Commands."

The relevant documents are:

T10 agenda including these project proposals (items 9.5, 9.6, and 9.7)
dated January 29, 2002:
